DESIGN:

The mentoring program is designed exclusively for graduates of *IMDHA Approved Schools* and *IMDHA Certified Hypnotherapists* who wish to expand their knowledge base in a supportive atmosphere. It provides the opportunity to expand and apply hypnotherapy techniques and business practices learned in school and through independent study. You will continue to learn *in direct contact* with an individual mentor for your program term via *phone and e-mail*. You can be assured that every interaction with your assigned Mentor will be invaluable. This exceptional program allows you time and resources to have *your specific concerns* addressed as you move forward in your fulfilling hypnosis career.

Group interaction is a valued learning tool as well as the advice from your Mentor. With this in mind, it is required that all participants of the Formal Mentoring Program be registered in the *FREE IMDHA Mentoring Discussion Group* on the web at http://health.groups.yahoo.com/group/IMDHA_hypnosismentor.

If you are assigned to an area where mentoring meetings are available and scheduled, regular attendance is expected. Groups may meet at the discretion of the Mentor and your successful mentoring program depends on your attendance to any meetings held. This will enable you to gain so much more through networking, *additional teaching*, and presentations from experts in the Hypnotherapy field.

SPECIFICS:

Preferred method of contact and/or meeting time and location (if available) will be set by agreement of the Mentor and Mentee. Mentoring relationships provide for extended learning, socialization, as well as professional networking. In this design of the mentoring relationship, *giving and receiving are one!* Enrollment duration is six consecutive calendar months beginning on the date of assignment to a Mentor.

TOPICS OF INTEREST:

Many of the contacts with your mentor may involve addressing these common concerns: setting up a practice; pre-talk; post talk; recordings; various inductions for different types of clients; special concerns; actual cases; what's new in the field; how to integrate what you have learned; skill building; group hypnosis tips and techniques; confidence enhancement; therapy strategies; marketing and advertising; preparation for public appearances and presentations and more. *Your Program will vary* to meet your specific mentoring needs.

TUITION:

Tuition is just \$575.00. Payment schedule is \$75.00 registration fee to be paid at time of registration, and the remaining \$500.00 paid to the Mentor according to the plan on page 2 of this document.

Continuing Education Hours Earn 15 CEH's upon successful completion of the 6-month program.
